

School Library Books

Children at Priory Rise School are given regular opportunities to visit our school library and take books out to enjoy at home and at school. Whilst offering children opportunities to take books home, we are also mindful that books are a significant cost to the school and wish parents to be aware that when children do bring books home, they should be treated with the highest regard, as they are in school.

Please be aware that it is the responsibility of the parents and children to ensure that books are cared for in an appropriate manner at home. In the unfortunate circumstance where books are damaged or lost, parents will be charged for the cost of the replacement book.

I have read the above paragraph about my child taking books out to enjoy at home.

We accept responsibility to ensure that books are cared for in an appropriate manner at home and that a charge will be made if a book is damaged or lost.
